

News release via Canada NewsWire, Toronto 416-863-9350

Attention Business Editors:
Microforum changes name to Homeserve Technologies Inc.

TORONTO, Sept. 5 /CNW/ - Microforum Inc. announced that, at its Shareholders Meeting held today, the shareholders authorized the Company to change its name to Homeserve Technologies Inc. The name change will enable Homeserve Technologies to better position itself in software and services businesses related to the residential real estate industry.

Shareholders also approved the consolidation of the Company's common shares on the basis of one new common share for each 25 common shares currently issued and a reduction in its stated capital of approximately \$3.4 million.

About Homeserve Technologies

Homeserve Technologies is a Canadian based software development and services company focused on home related services for the real estate, relocation and banking industries. Through its wholly-owned subsidiary Home-Link Services Canada Ltd., Homeserve Technologies provides a one-stop shopping service for home buyers and sellers, offering real-estate related products and services throughout the customer's purchasing and selling cycle, coordinated by a proprietary CRM software system and call centre.
